

How to use Teamsnap to Tweet your scores in

What you need

1. Teamsnap account
2. Twitter account
3. IFTTT.com account

How to set it up

1. Add IFTTT Recipe
<https://ifttt.com/recipes/339726-tweet-your-team-s-final-scores>
2. Authorize (login once) your Teamsnap account
3. Authorize (login once) your Twitter Account
4. Trigger: Select Teamsnap Account
5. Action: Modify Text to be tweeted. Eg. For Bantam team
`@Zone10Lax {{StartDate}} BTM {{TeamName}} {{PointsForTeam}}, {{OpponentName}} {{PointsForOpponent}}`

(The double brackets are elements selected in the recipe)

Add @Zone10Lax and your division eg. BTM to the default text

You can also have IFTTT.com automatically update a spreadsheet with the final score.

See the following recipe.... <https://ifttt.com/recipes/339736-record-final-scores-in-a-spreadsheet>
